

Sinclair Broadcasting is clearly promoting a partisan agenda and forcing local stations and citizens to be party to this highly questionable, maybe illegal, behavior. The actions of this media conglomerate jeopardize the process of democracy by reneging on their mandate to serve the public interest with truthful and balanced news and relevant programs in return for using the public airwaves for free. Sinclair Broadcasting is NOT serving the public interest and their station licenses should not be renewed.

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
